# CONSTANTA

**Constanta, historically known as Tomis, is the oldest continuously inhabited city in Romania. It was founded around 600 BC. The city is located in the Northern Dobruja region of Romania, on the Black Sea coast. It is the capital of Constanta County and the largest city in the historical region of Dobruja.**

**The Port of Constanta is the largest port on the Black Sea, and one of the largest ports in Europe.**

**Constanta, with its charter flights during the summer, is accessible by road, by railway or by water. It is a lovely city where one will find it worthwhile to spend a few days and learn about a glorious ancient past, or simply about day-to-day life in a Romanian trade and tourism destination.**

**Some 12 main resorts of the Romanian Black Sea shore are stringing southwards along the coast, while Mamaia lies a few thousand meters north to Constanta.**

# CONSTANTA

Romanian Sea resorts rank among the very few beaches in Europe, which can offer all day long sunlight. Romanian beaches are sloping gently under the waters of the sea, thus allowing sea bathing and walking on the sea.

The Romanian seaside resorts provide a wide range of possibilities for leisure tourism, including tennis and miniature golf, bowling, riding horses or scooters. Leisure facilities of the Romanian resorts are mainly attractive for family tourism though Neptun and Olimp for instance are much appreciated for their lovely nightlife in clubs, bars, taverns and discos. Between these two "extremes," youngsters will always prefer Costinesti, a youth "planet" with its own games, show, contests and ways of entertainment.

# THINGS TO DO IN CONSTANTA

## a) Constanta's beaches

While most people visit Constanța for its urban landmarks, the city boasts several sandy beaches. Quieter and less touristic than the ones in the Mamaia, Constanța's beaches – namely Modern, 3 Papuci and Tataia – are ideal if you want to spend a tranquil day at the seaside.

## b) The Casino

Sited on Constanța's seafront, the casino building is an architectural pearl built in the Art Nouveau style. Just before World War II, it served as a residence for the Russian imperial family during their visit to Constanța. Considered a symbol of the city, the casino is one of the most iconic buildings in Romania.

## c) Tăbăcăriei Lake

Great for a relaxing walk in Constanța's green oasis, Tăbăcăriei Lake is located inside a sea bay, offering lovely views. In its heyday, the lake was surrounded by beautiful gardens and was a very important source for fishing. Nowadays, Tăbăcăriei Park next to the lake stretches over 100 hectares, and is dotted with small lakes and an amusement park for children.

# THINGS TO DO IN CONSTANTA

## **d) Tomis Harbour**

The good thing when visiting the Tomis Harbour is that it is easily accessed from every street in Constanta. It is more than just a usual harbour, and it is a place where you can go for a walk no matter the season. It offers a broad range of everyday activities from shopping, fishing, and sailing to having lunch in fancy restaurants and drinking in bars. It is well known for its waterfront terraces where you can marvel at the colorful sunset. The Tomis Harbor's hospitability lies in welcoming families, students and people of different age.

## **e) The Dolphinarium**

The Dolphinarium is a space dedicated to the study and species conservation of dolphins. The Black Sea is home to three dolphin species that have all been studied by the museum's specialists. In summer, you can participate in dolphins and seal demonstrations.

## **f) The Grand Mosque**

Built at the beginning of the 20th century, the Grand Mosque was erected under the rule of King Carol I for the Muslim communities living in the city. The monumental Mauresque monument boasts an exquisite mural painting and houses a 200-year-old Oriental carpet that once belonged to the Turkish sultan Abdul Hamid.

# THINGS TO DO IN CONSTANTA

## g) The Museum of National History and Archeology

With a history of over 100 years, the Museum of National History and Archeology showcases Dobrogea's old days through sculptures, pieces of jewelry, old coins and documents, in one of the richest museum collections in the country. While visiting, don't miss the Glykon Snake, an unparalleled statue, unique in the world.

## h) Mamaia

Mamaia is the largest and best-known resort on Romanian Riviera. Located in the northern part of the seaside, Mamaia has a privileged position. The resort is attached to Constanta city and separates Lake Siutghiol of the Black Sea. The preferred destination of tourists during summer, Mamaia is a resort of fine taste, entertainment and relaxation which has palm trees, spectacular fountains, fashionable events and sensational shows, restaurants and luxurious clubs, quite terraces, promenade areas, Water Park, telegondola and entertainment centers.

# THINGS TO DO IN CONSTANTA

## **i) Costinesti resort**

Costinesti resort is situated on the extension of Costinesti village, at about 30 km from Constanta city, between Tuzla town and Olimp resort (south). Famous as being the resort of youth, Costinesti welcomes its guests in a cheerful and very animated atmosphere. The beach of the resort is surveyed by the two symbols of the resort: The Obelisk and Evanghelia ship wreck, beached here since 1960.

## **j) Vama Veche**

Vama Veche is located at 7 km from 2 Mai and at 12 km from Mangalia city. You can reach Vama Veche from Mangalia city, which is the end of the railway station, by minibuses which you can take from the Railway Station or by your own car on E 87 national road. Intimate and wild, the beach is populated by young people even at night which gather around fire camps.
