

Co-funded by the
Erasmus+ Programme
of the European Union

Le Havre, 17 July 2023

Dear Partners,

Taking under consideration the implementation calendar of the joint project **MAR-Lang “Linguistic Diversity in European Maritime Higher Education Institutions”**, a project financed within Erasmus+ Programme – KA220-HED: Cooperation partnerships in higher education project Nr 2022-1-FR01-KAF220-HED-00089655, we would like to invite three teachers and three students, representative of your institution, to attend the short-term joint teachers training event (C1T) and the short-term joint students training event (C1S) on **“French-English Maritime Terminology on Ship and Cargo Handling” for teachers and students**. This event will be organised and conducted by the French Maritime Academy (ENSM) and will take place at the Le Havre Campus, France from 18 to 22 September. During this period, the events’ participants will also be invited to attend and actively participate at the first Public Event (PE1) on **“French-English Maritime Language for Friendship”** organised and conducted by the French Maritime Academy on 22 September. Other representatives of your academy will be able to attend and participate to this event by video-conference.

The short-term joint training events will help to develop and improve innovative teaching/learning practices and tools for teachers and students in the French-English Maritime Terminology field. It will be an opportunity for teachers and students to work together in multinational and multidisciplinary groups in order to exchange experiences and good practices on teaching methods, content and new curricular approaches for teachers as well as to develop a focus on labour market requirements and critical thinking and teamwork skills for students.

For administrative purposes, please find attached the registration form and if you require further assistance regarding the registration process, please contact the POC Christelle Nicolas at christelle.nicolas@supmaritime.fr

With kind consideration,

François LAMBERT
Directeur général ENSM
